

Dear KPCA Families,

In preparation for the 2020-2021 academic school year, we have assigned **Math and Language Arts IXL practice and a summer reading assignment** for all our students. The summer is a great time to have fun and relax, however, we want to prevent the scientifically proven summer slide. We strongly encourage you to continue the important habit of reading for 30 minutes each day. Additionally, below is a list of skills on IXL your student should practice to stay fresh over the summer. We recommend that students practice for a minimum of 15 minutes a day. If your child finds this pace too easy or wishes to be challenged further, your child can practice additional skills on IXL on their account. All practice will be beneficial in preventing the summer slide and preparing your student for the upcoming school year. Please review the following assignments and note this is all due the first day back to school. ***This will be your child's first grade for quarter one in both Math and Language Arts.***

**The login information for IXL and myON are both found in your child's technology login sheet. If you have any technical difficulties please email the technology coordinator, Mr. Ortega: [rortega@keypointschools.com](mailto:rortega@keypointschools.com)**

***\*All students are required to complete and turn in this assignment the first day of school for a language arts and math quiz grade.***
